PUBLIC COMMENT:

Donna Gibbs resident near Henry demolition project was asking about an update.

Delaware County Engineer – Doug Riedel

- Paving update: schedule comes out every 2 weeks and projects started on the east side of the county.
- The engineer's department is scheduled to move into the Bixby Campus (St. Rt. 521) in August.
- An email was sent to trustees regarding Russell Road – North of Penn Road regarding the trees at the curve along with drainage and shoulder information.
 - Quotes were received but are now 8-9 months old
 - Quotes for grading and ditch repair were not obtained
 - There is a federal regulation for the township and county to follow regarding 2 endangered bat species.
 - Trees can only be removed from Nov 1 to April 1.
 - Removing the trees would provide a more accurate quote for the shoulder and drainage.
 - The residents will need to be notified and they will want to know what trees are being removed.
 - Ralph Moseley and Doug Riedel will work on the agreement and confirmation of the work needed
 - Russell Road south of Penn will start in the next 2-4 weeks

- Mitchell Lane and Field Street
 - Only change from the OPWC grant is a swale in the curve which is part of the township.
 - Bids to be out by next Friday and ready to open those bids by July.
 - Targeted to be completed this year.
 - OPWC application for 2024
 - 4 Roads are reported as poor condition and those are: Fry, Morey, Robinhood Lane, and Tyler. To redo these roads, it would cost \$629,000.
 - Trustee Stults would like to see something done with Robinhood Lane
 - Only 500 ft and not a through road would not make it a good choice for the grant
 - Houseman Rd. is bad and would be close to \$313,000 and a good candidate for the grant
 - Russell Road north of Penn would be good if the curve was fixed
- Crack Sealing
 - Trustees to send Doug Riedel a list of roads and see if can get them on the schedule
 - Degood, Newhouse and Stults Farm
- Road Mowing
 - County is trying to get caught up.
 - Have been short on staff
 - Will check schedule and let us know

Delaware County Health Department – Linda Wolcott

- Health Department employees are scattered around the county while their new building is getting completed.
 - Scheduled move in is first week of July with an open house the next week.

- Road mowing is underway
- Ordered signs
 - Stop Ahead and Weight Limit
- Picked up S4 from Marysville
- Move tree log from road
- Filled pothole on fry road

JUNE 24 & 25, 2023 AMATEUR RADIO FIELD DAY

Join us and see what it's all about!

After a disaster, communications are key. You never want to be at a loss to communicate your needs. Field Day is an exercise in emergency communications and preparedness and is also a contest. Delaware County amateur radio operators have a long-standing history of being a top field day contender in the United States and Canada. Operators will set up five radio stations at a field location and operate on emergency power for 24 consecutive hours. We invite the public to join us and learn more about amateur radio. It's more than just your grandpa's hobby!
